

Name: _____

Multiplying With Repeated Addition

Directions: Solve each equation using repeated addition. Show your work.

Example:

$$4 \times 3 = 12$$

$$4 + 4 + 4 = 12$$

$$4 \times 6 = \underline{\quad}$$

$$5 \times 6 = \underline{\quad}$$

$$4 \times 8 = \underline{\quad}$$

$$3 \times 7 = \underline{\quad}$$

$$2 \times 5 = \underline{\quad}$$

$$8 \times 5 = \underline{\quad}$$

$$3 \times 9 = \underline{\quad}$$
