

Name: _____

Multiplying With Equal Groups

Directions: Solve each equation. Then, draw a picture to represent each equation.

Example:

$$4 \times 3 = 12$$

$$3 \times 6 = \underline{\quad}$$

$$7 \times 2 = \underline{\quad}$$

$$8 \times 5 = \underline{\quad}$$

$$4 \times 2 = \underline{\quad}$$

$$5 \times 3 = \underline{\quad}$$

$$6 \times 3 = \underline{\quad}$$

$$4 \times 5 = \underline{\quad}$$

Name: _____

Multiplying With Equal Groups

Directions: Solve each equation. Then, draw a picture to represent each equation.

Example:

$$4 \times 3 = 12$$

$$3 \times 9 = \underline{\quad}$$

$$4 \times 6 = \underline{\quad}$$

$$3 \times 7 = \underline{\quad}$$

$$9 \times 2 = \underline{\quad}$$

$$4 \times 4 = \underline{\quad}$$

$$5 \times 6 = \underline{\quad}$$

$$8 \times 3 = \underline{\quad}$$
